## **DETAILED ACTION**

### ***Election/Restrictions***

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-7, 10, and 11 drawn to host-guest complex of a gestagen and a cyclodextrin and pharmaceutical compositions thereof.

Group II, claims 14-16, drawn to the preparation of a host-guest complex of a gestagen and a cyclodextrin.

Group III, claim 8, drawn to a method of treating menopausal symptoms comprising administration of a host-guest complex of a gestagen and a cyclodextrin.

Group IV, claims 9 and 13, drawn to a method of birth control comprising administration of a host-guest complex of a gestagen and a cyclodextrin.

Group V, claim 12, drawn to a method of treating premenstrual symptoms comprising administration of host-guest complex of a gestagen and a cyclodextrin.

The inventions listed as Groups I-V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special

Art Unit: 1623

technical features for the following reasons: All the groups require a host-guest complex of a gestagen and a cyclodextrin or a method of using or preparing said complex. However, Groups III-V are drawn to patentably distinct therapeutic methods. Therefore, the following sets of claim groupings have unity of invention, and Applicant is required to select one set of Groups from these for examination:

- A. Groups I-III (claims 1-8, 10, 11, and 14-16)
- B. Groups I, II, and IV (claims 1-7, 9-11, and 13-16)
- C. Groups I, II, and V (claims 1-7, 10-12, and 14-16)

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
